Online Young Learner Programme

An exciting online programme for young learners aged 12-17 where students improve their English and study skills while enjoying themed, weekly courses involving lessons and creative project work. Students develop their grammar and every English language skill with lessons that encourage lots of speaking and interaction with their teacher and other young learners from around the world.

Programme Highlights

Where?

Experience a British junior English language and activity camp from your home. All you need is a laptop and internet connection.

How?

Every week classes are based around a topic and theme linked to life and culture in the UK and students learn and improve their English while developing their knowledge in these fun, creative areas.

Who?

Students aged 12-17 will be in class with other children from around the world and have a valuable opportunity to learn with other learners of their age and English language ability. Every lesson and activity involve the students working together and interacting so they improve their communication skills and make friends, all in English.

When?

A weekly course taught 3 times a day, with suitable times for every corner of the world.

What?

Students will prepare a final presentation in English where they show off their English skills and display what they have learned about the UK from their lessons. After each online class students will take part in virtual excursions to museums and famous places in London and the UK or take part in online activities with their teacher and other students. This opportunity to socialise in English whilst enjoying games, quizzes, tasks and virtual excursions means that they get to practise all the English they are learning in a real, meaningful way.

Why?

Lessons are lively, fun and dynamic. Every child is actively involved in each class and given every opportunity to put everything they are learning into active use.
